

CARMEN MIRNA IBAÑEZ SANGUINO

Trinidad, Bolivia • +591 73925782 • cibanezsanguino@gmail.com • [GitHub](#) • [Portafolio](#)

PROFESSIONAL SUMMARY

Results-driven Systems Engineer with hands-on experience in full-stack development, database administration, and institutional IT support. Strong command of Python, Django, and PostgreSQL, with a track record of optimizing processes, resolving complex technical issues, and collaborating in multidisciplinary teams under agile methodologies. Committed to continuous learning and building scalable technology solutions.

PROFESSIONAL EXPERIENCE

IT Development & Support Intern — 2025 – Present

Instituto Tecnológico – UABJB | Trinidad, Bolivia

- Developed and maintained institutional academic web applications using Python and Django, improving system stability and user experience.
- Administered and structured relational databases with PostgreSQL, ensuring data integrity and query optimization.
- Provided high-tier technical support and hardware/software troubleshooting across the institution.
- Collaborated within multidisciplinary teams to gather requirements, deploy updates via Git/GitHub, and produce technical documentation.

FEATURED PROJECTS

Academic Space Reservation Management System (Thesis Project)

- Built an automated platform with role-based authentication, real-time availability calendars, automated notifications, and administrative reporting dashboards — eliminating scheduling conflicts and duplicate requests.
- Stack: Python, Django, PostgreSQL, Docker.

Career Assistant (Personal Project)

- Full-stack, AI-powered application unifying resume building, ATS-style job matching, cover letter generation, application tracking, and interview simulation.
- Two decoupled backends (Node/TypeScript + Python/FastAPI) with Row Level Security across the database.
- Stack: React, TypeScript, FastAPI, Supabase.

EDUCATION

Bachelor of Systems Engineering

Universidad Autónoma del Beni "José Ballivián" (UABJB) | Trinidad, Bolivia

Graduated: April 2026

TECHNICAL SKILLS

- Python, Django, HTML5, CSS3, JavaScript, React, TypeScript
- PostgreSQL, Relational Database Design
- Git, GitHub, Docker, System Deployment
- STELLA, SPSS, Power BI, Advanced Excel, System Dynamics

LANGUAGES

- **Spanish:** Native proficiency
- **English:** Upper-Intermediate (B2) – Professional working proficiency
